

INTERNATIONAL MATH COMPETITION

Grades 2 through 11/12

**All students
are invited to
participate,
whether you
attend a public,
private, charter
or home-based
school.**

THE AMERICAN MATH OLYMPIAD (AMO) IS AN INTERNATIONAL MATH COMPETITION for elementary, middle, and high school students, grades 2 through 11/12. Organized by the Singapore International Mastery Contest Center (SIMCC) and Southern Illinois University Carbondale (SIU), 2025 will be the fifth time the competition is conducted in the USA.

To promote a deeper understanding of math with a framework based on Common Core Standards, professional educators from SIU have designed a challenging curriculum to encourage interest in math through the American Math Olympiad (AMO) international math competition.

Awards and prizes include university scholarships, Global Scholars Program and International Junior Honor Society memberships, tuition grants and internships.

JOIN THE COMPETITION!

During the testing period, October 14 through November 14, take the test at your school or one of the special testing events on-campus at SIU. *October 30, SIU on-campus options are available.*

Students whose score is in the top 20% will be invited to attend the international competition in Singapore on January, 2026!

REGISTRATION

Register online at conferenceservices.siu.edu/amo

\$20 per student, at your school

\$25 per student, on SIU's campus (10/30/2025)

Needs-based scholarships available upon request. Email suamo@siu.edu for more information and assistance registering for the AMO competition.
