

Fall 2022 Conference, Day 1, Session 1: Introduction to the BAT Project

Frequently Asked Questions (FAQ)

1. What is the scope of the Behavior Assessment Training project?

The Behavior Assessment Training (BAT) project provides comprehensive, professional learning for special education personnel on culturally responsive Functional Behavior Assessment (FBA) practices and Behavior Intervention Plans (BIPs). The project provides technical assistance to disproportionate school districts identified by the Illinois State Board of Education. Universal technical assistance is provided by monthly webinars on best practices for FBAs, BIPs, understanding implicit bias, evidence-based behavioral interventions for PK-12 grade school personnel. The BAT project is required to provide an annual conference and to update ISBE's guidance document on behavioral interventions.
